

Hey Eli,

Wanted to express my appreciation for your team! Leon and his team tackled this challenging site in a way that is above and beyond most! He is a true leader with a lot of pride in his work and the care he showed with the site!

I know you seen a lot, but what you didn't see did not go unnoticed! With the extremely hard work put in between conquering the water table, to building these interesting DSM walls, Leon did an outstanding job!! it's been a true pleasure working with You and Leon!! Can't forget, Your unsung hero is James!! Great Job Mountain Movers!!

Thank you,  
Jason Pruett
